

EasyWeed is a polyurethane, ready-to-cut material designed for custom garment decoration. EasyWeed is in a league of its own because of its pressure sensitive carrier. This feature allows you to weed small letters and fine designs easily. Much thinner than other film materials, EasyWeed offers excellent durability, even after repeated washings. It's great for player names and numbers or adding personalization to corporate wear. Because of its thinness, it's extremely easy to cut, weed, and heat apply and is perfect for single color or multi-layered applications. This is a HOT PEEL product.
